Note Taking & Research Tools

- Evernote – Take notes anywhere. Find information faster. Share your ideas with anyone, meeting notes, web pages, projects, to-do lists. With Evernote as your note-taking app, nothing falls through the cracks.
    - Links and Cost:
        - Google Play Store – Free with in-app purchases
        - Apple Store – Free with in-app purchases
        - Online – Free, Premium $7.99/month, Business $14.99

- Microsoft OneNote – Get organized in notebooks you can divide into sections and pages. With easy navigation and search, you will always find your notes right where you left them. Revise your notes with type, highlighting, or ink annotations. With OneNote across all devices, you will never miss a flash of inspiration. Great minds do not always think alike, but they can share ideas and create together in OneNote.
    - Links and Cost:
        - Google Play Store - Free
        - Apple Store - Free
        - Windows App - Free
- Penquills – Create handwriting recognition-powered applications across smart devices to help you stay organized (and save a tree or two). When you take your notes by hand on Penquills, they are effortlessly converted into digital text with our software for natural, intelligent note-taking and brainstorming.
    - Links and Cost:
