Executive Summary

The faculty of the Department of Nursing met in June (2011) to complete the work of curricular review for the traditional pre-licensure BSN program. The proposed change comes with unanimous vote of the Department of Nursing faculty. The proposed change is to be implemented effective Fall 2011.

Pre-licensure traditional BSN curricular change is required as a result of the Ohio Administrative Code (OAC) 4723-5-10 Qualifications of administrative, faculty, and instructional personnel for a registered nursing education program. This rule requires that every nursing course be taught by a “qualified nursing faculty member”. This means master’s or doctoral prepared and licensed in nursing. NURS 210 (Nutrition Across the Lifespan) has been taught by a master’s prepared licensed and registered dietitian. She cannot teach a nursing course, even if the only nursing designation is by course number. The proposed change will keep us in compliance with OAC rule as administered by the Ohio Board of Nursing. Dr. Haynes and Dr. Normansell have worked together on this transition to a positive resolution.

Proposal: NURS 210 be deleted from the required nursing courses for the degree. This will be replaced by the new proposed Health Sciences 210. This change needs take effect during fall 2011. The cohort of nursing sophomores who are impacted by this change are currently being served by PSYC 409 created to deliver this course until curricular action is approved.

Please see Curriculum Change Form that follows.
