

How to Use This Table

To estimate the financial assistance your student can expect at Muskingum:

- 1 Locate the magenta tab on the left side of the chart corresponding to your cumulative GPA range (unweighted on a 4.0 scale).
- 2 Locate his or her ACT/SAT test score range.
- 3 If you plan to file the Free Application for Federal Student Aid (FAFSA) for need-based financial aid, scan across to the column that corresponds to your estimated 2015 total family income from all sources (see A below). If you do not plan to file the FAFSA and are interested only in non-need assistance, refer to the last column at right.

What the Estimates Mean

Total Gift Aid is a range of total nonrepayable scholarships and grants from all sources, including academic scholarships, awards of circumstance, and need-based federal, state and institutional grants.

The **Muskingum Commitment** is the first figure in the Total Gift Aid range, and represents the minimum amount of gift aid your student will receive.

The **Average Total Aid** figure shows an average amount of total financial assistance that students and families with academic and financial characteristics similar to yours typically receive. This consists of the Total Gift Aid amount (see explanation above) plus federally-backed student loans.

If actual student academic credentials and family income figures are consistent with your estimates, the **Muskingum Commitment** assures you that your student's financial aid award will contain total gift aid that is equal to or greater than the lower amount in the total gift aid range shown in the table. The higher figure in the range represents the maximum gift aid students typically receive, except in special circumstances.

This provides an "at a glance" estimate of the total gift assistance and financial aid you may expect to receive. Our Net Price Calculator provides a more accurate assessment of your financial aid eligibility using information similar to the FAFSA. The Net Price Calculator is available online at: www.muskingum.edu/financialaid/commitnpc.html.

^A **Total Family Income:** Sum of parent and student estimated 2015 income from wages and all other income sources reported on the IRS-1040 form, plus any untaxed income (such as child support). In cases of divorced or separated parents, use the income of the parent (and stepparent) with whom the student lives.

^B **Grade-Point Average (GPA):** Secondary school unweighted, cumulative GPA on a 4.0 scale.

^C **ACT/SAT:** ACT Composite score or combined SAT Critical Reading and Math scores.

Financing options are available for families to deal with educational costs not covered by financial aid. These include monthly payment plans, Federal Parent PLUS Loans, and cosigned Private Loans for students.

Notes

¹ Students admitted to Muskingum's PLUS Program for students with learning disabilities/ADHD will incur an additional charge for individual professional learning support ranging from \$3,000 - 9,600 dependent on the chosen level of support.

² Students who file the FAFSA are eligible to receive federal student loans of up to \$5,500 in the first year; this amount is included in the Average Total Aid figure.

³ The figure reported is an average amount, and actual amounts will vary above and below the averages.

Conditions/Provisions

Estimates apply only when the following conditions are met:

Admissions Status: Students must be entering first-year students (not transfers) and must plan to live on-campus (not commuter). Actual scholarship and financial aid amounts will be based on information from the student's application materials (official transcript and ACT/SAT scores) and financial aid application (FAFSA).

Completion of Academic Core: Students must have completed minimum academic core requirements upon enrollment: four years of college-prep English, three years of math through Algebra II, two years of lab science (from biology, chemistry, physics), and two years of a foreign language (not including ASL).

Income Verification: If the estimate is based on an income range, the student and parents must complete and submit the 2017-2018 FAFSA. Students must file the FAFSA using 2015 financial information.
