In situations where violators are parked in wrong areas, and the Parking Tag is not displayed, an additional $15 fine for not displaying the Tag will be assessed.
Muskingum University welcomes you to our beautiful campus, which has been designed as a walking campus for everyone to enjoy. For this reason, having a parking permit does not guarantee availability of a parking space in the immediate vicinity of your residence, class or office/workplace; however, ample parking exists on the perimeter of the campus, making it accessible to all. The responsibility for finding a permissible parking space lies with the vehicle operator. Inability to find a permitted parking space will not be accepted as justification for violating any of the enforced parking regulations.

Only residents of the program houses, frat circle, and townhouses should park in the spaces next to those facilities.

Residents may not park in the five marked spaces in the stadium lot, between the press box and Memorial Hall, from noon on Fridays until 8:00 am on Sundays during football season.

Resident students must comply with all temporary parking signs posted for special events by University Police.

Subway Apartments  Are considered resident students and may not park in commuter parking lots.

Commuters  Commuter students are students residing off the main campus including anywhere within the Village of New Concord. Commuter lots are noted on the map and include, bottom tier of the Cambridge lot, Stag/Ulster, lot next to the lake just east of the football field, and Methodist Church lot.

Commuters may also park in the rear Kelley lot as designated on the map while visiting the Chess Center.

Commuters may also park in the dirt parking lot north of the baseball field while participating in sports, baseball or internmurals.

Note: With the exception of the dirt lot north of the baseball field, parking is only permitted on paved, marked parking spaces.

Repeat Student Violators  Violators who receive any combination of five or more traffic or parking violations in an academic year may be towed or booted upon subsequent violation. Upon the occurrence of the fifth violation, the student's record may be forwarded to the University judicial process for review of the presumptive suspension of Campus Motor Vehicle Operation privileges.

Towed/Booted Vehicles  Owners or operators of a vehicle towed or booted for enforcement purposes will be subject to a $100.00 tow/boot fee in addition to the fine imposed for the violation (as well as any accrued storage fees).
