## STRATEGIES FOR PLACEMENT IN ACCOUNTING

- Earn good grades. Grades are an indicator of technical competence in accounting and of a person’s work ethic.
- Actively participate in student organizations to develop leadership skills.
- Develop excellent computer skills.
- Learn to work well within a team.
- Develop strong communication skills.
- Gain work experience and information about careers through internships.
- Join Beta Alpha Psi, the honorary fraternity for accounting and finance information professionals, to gain knowledge about the accounting profession.
- Certifications available through the Institute of Internal Auditors or the Institute of Management Accountants may increase job marketability in some areas of accounting.
- Accounting students should develop their analytical, critical-thinking and problem solving skills. Develop high ethical standards.
- Accuracy and attention to detail are important traits for accountants.
- Accounting is a versatile degree. Students who graduate with a major in accounting may find jobs in many areas of business including: sales, production management, client management, product development, procurement, general management, banking and financial planning.
