**What kind of activities does Muskingum’s KDP participate in?**

Here at Muskingum, Kappa Delta Pi participates in various activities and puts on many events. Every academic year, we participate in adopting a child through the “Christmas on Campus” program, conduct fundraisers such as bake sales and t-shirts sales, sponsor Education speakers, and hold Praxis and Resume workshops.

**When does the group meet and how can I become a member?**

We also meet as a group once a month to plan activities, and our officers meet every other week. Every spring, we induct new members into the group. These members are invited based off of the following criteria: acceptance into the Education department and a GPA of 3.0 or higher.

**What are some of the advantages that KDP offers to students?**

Some of the advantages KDP offers to students are access to many educational resources, opportunities for professional development, and the chance to better yourself as an educator by joining with other educators to make the world a better place. Also, since KDP is an international education honorary, it looks great on a résumé!
