AN INTRODUCTION TO COLLEGE SELECTION FOR HIGH SCHOOL JUNIORS
An Introduction to Selecting a College

LOOKING THROUGH YOUR COLLEGE MAIL can be exciting – and a bit overwhelming! With so many colleges to choose from, how can you be sure to pick the right one? What should you be thinking about? What should you look for? And how much will it really cost?

TO HELP YOU MAKE SENSE OF IT ALL, Muskingum College offers its annual Spring Preview. The program is designed to introduce high school juniors to the college selection process, with valuable insights on what colleges look for, the search process, financing and more.

YOU’LL ALSO HAVE AN OPPORTUNITY to experience what Muskingum is all about by attending a class, touring the campus, and talking with students, faculty and admission and financial aid representatives. At the end of the Preview Day, there will be an hour-long session to discuss Science related programs/majors at Muskingum. Anyone interested in attending this informational session is welcome to do so.
