Mini-Fridge Rental Program

Student Affairs is making Mini-Fridge units available for you and your roommate to use in your residence hall room.

The Mini-Fridge is a unique combination freezer, refrigerator and microwave oven.

Stock it with beverages, frozen foods and microwavable products. Prepare and eat your favorite foods—all in the comfort of your room!

It saves energy by temporarily transferring power from the refrigerator to microwave while in use.

Because we entirely trust its safe-energy standard, it is the only microwave allowed in residence hall rooms on campus.

Reserve a Mini-Fridge

We have a limited number of units available for lease during the 2011-2012 academic year.

To lease a unit for the fall and spring semesters is \$250.00, which will be charged to your student account. You and your roommate may wish to split this cost.

If you would like to reserve a Mini-Fridge unit, simply complete this form and return it immediately.

Because there are a limited number of units available, distribution will be on a first-come, first-served basis. We always have a greater demand than our supply, so order early.
