Who we are…

Muskingum College was founded in 1837 and is a small private, liberal arts college. Our liberal arts education focuses on these three core qualities: strong communication skills, the ability to analyze information and the ability to think critically. Muskingum has quality faculty members with more than 90% holding a doctorate or the highest degree in their fields. We have a 16-to-1 student to faculty ratio. Muskingum College embraces the traditional residential college atmosphere with 92% of our students living on campus or in the Village of New Concord.

Muskingum College students have excellent academic opportunities as well as numerous honoraries and activities, which make them well-rounded. Being a part of a small school environment allows our students many opportunities for leadership within their on-campus organizations. As a result of the combined experiences at Muskingum, when our students graduate they are academically and professionally prepared to be successful in all facets of the professional work environment as well as in various graduate programs.
