Universidad Iberoamericana

Mexico
Universidad Iberoamericana

Requirements:
Students must be unmarried, with no dependents, and between the ages of 18 and 24. They also must have at least full-time sophomore status with a 2.7 cumulative GPA. A proficiency in Spanish is required for participation.

Financial responsibilities:
Students pay all tuition fees to Muskingum College. Scholarships and financial aid still apply. Students pay room fees to Universidad Iberoamericana. In addition, students are responsible for transportation to and from UIA, class materials such as books, and any personal expenses.

Room:
Universidad Iberoamericana will arrange for students to live with a host family during their stay in Mexico City. The host family will provide a towel change twice a week and a linen change once a week, although other laundry is the student’s responsibility. Students can make arrangements with the host family regarding laundry and meal services, but they are not included in the current price paid to the university and thus not allowed without permission from the family. Students are not to make long distance phone calls from their host family’s house.

Board:
Meals are not included in the price for a semester stay at UIA. Students can either eat in the cafeterias on campus, at restaurants, or make arrangements with their housemother. Common ingredients in Mexican cuisine include corn, tomatoes, chilies, peppers, beans, and fruits such as papaya and mango. Common meals are in sauces, soups, or grilled dishes.

Classes:
UIA has many different academic departments from which students with a proficiency in Spanish can take classes. Interdisciplinary programs include liberal arts, law, economics, business administration, engineering, architecture, and design.

About Mexico City:
Mexico City is the largest city in the world, with 20 million inhabitants. UIA provides services to its international students, such as help with travel arrangements, mail service, keeping a safe-deposit box, and personal and academic counseling. UIA also provides professionally guided tours to historical and archaeological sites around the area, of which there are many. Mexico City has a temperate climate, with daily rain during the summer months.
