Admission

Muskingum College seeks motivated students who demonstrate potential for continued growth and evidence of academic ability. Admission is based on a combination of coursework, academic performance, standardized tests (ACT/SAT for undergraduate admission) and accomplishments outside the classroom.

Graduate Admissions

Information about graduate admissions policies and procedures is available in the Graduate Catalog and in the Office of Graduate and Continuing Studies.

Undergraduate Admissions

It is expected that the applicant will have completed a minimum of 15 units of secondary school work and have a high school diploma. Recommended are at least four units of English, two of foreign language, three of college preparatory mathematics, two of science, three of social science, and other units approved by an accredited secondary school for graduation. However, exceptions can be made for applicants who show strong academic promise but who may not meet these specific recommendations.

Application Procedures

An application may be submitted after completion of the junior year in high school. The general procedure follows.

1. Obtain an application for admission from either the Admission Office, or access the on-line application from the Muskingum College website – www.muskingum.edu.
2. Complete and return the application or submit it electronically to the Admission Office. There is no application fee.
3. Submit the results of either the American College Testing Program (ACT) or the Scholastic Assessment Test (SAT) of the College Board.
4. Have the high school guidance counselor complete the Secondary School Report Form and submit it to the Admission Office along with an official transcript.
5. Applicants are strongly encouraged to complete a personal statement as part of the application for admission.

In addition to the regular college requirements, a student seeking to major in music must satisfactorily complete an audition with the music faculty. Arrangements for the audition are made directly with the music department.

Applicants to the PLUS Program for students with a diagnosed learning disability or handicapping condition should review the special application instructions discussed in the section dealing with that program.

Muskingum follows a rolling admission plan. Qualified applicants are considered as soon as the necessary credentials, including the results of the ACT or SAT tests, have been received.

After being admitted a student is asked to pay a $100 tuition deposit. The deposit, refundable until May 1, is held in escrow and applied to the first semester attended. For students living in on-campus housing, a portion of the deposit is held as a room damage deposit.
Early Admissions
A secondary school student with superior academic achievement may be admitted to study at Muskingum at the end of the junior year. Further information may be obtained from the Admission Office.

Four-Year Commitment
Muskingum College is committed to its mission as a four-year college with a tradition in the liberal arts and sciences. Entering first-year Muskingum students are able to complete degree requirements and graduate in the standard four-year time frame if they meet the following conditions:

1. Declare a major by the end of their first year and continue in that major. In addition, with the assistance of the appropriate academic advisor, develop and follow the approved sequence of required courses.
2. Each semester successfully complete a full-time course load (with the customary 15-16 semester hours) with grades of C (2.0) or higher for a total of 124 semester hours over eight consecutive semesters.
3. Include in that 124 semester hours all liberal arts essentials, degree and major program requirements.

If students meet these conditions and are unable to complete a degree program in eight consecutive semesters, Muskingum will waive tuition charges for any subsequent coursework necessary for graduation. The tuition waiver does not apply where the student’s failure to graduate is due to causes within his/her reasonable control (including matters of attendance, health or disability), the conduct of third parties, causes beyond the College’s reasonable control, or acts of God.

Exceptions to this eight-semester commitment are multiple majors, multiple minors, courses of study leading to teacher licensure, and the accounting (public) major.

Accelerated Degree Option
Muskingum College offers students the opportunity to complete their degree requirements in less than four years. Students interested in pursuing an accelerated program must have above-average academic records and a focused academic area of interest upon entrance. Many academic courses of study can be completed in three years, though certain majors will require the more standard four-year time frame. Students participating in an accelerated program must be prepared to undertake the following: declare a major by the end of the first year, take increased course loads (more than the customary 15-16 semester credit hours), earn credit through avenues such as the Post Secondary Options Program, Advanced Placement, internships, proficiency exams and summer school. Special guidance is offered to students interested in accelerated study.

Lifelong Learning Program
Alumni holding baccalaureate degrees from Muskingum College are eligible to take further undergraduate coursework at Muskingum College at no tuition cost. Alumni must apply for admission as non-degree seeking students; there is no charge for this application. Upon readmission, alumni are entitled to enroll
tuition-free in one course of up to four credit hours per semester, during fall and spring semesters. Enrollment is limited to regularly scheduled undergraduate courses on a space-available basis, and not all courses are available through this option. Courses leading to teacher licensure or professional certification are excluded. Information about this option is available in the Office of the Registrar. Following registration by tuition paying students, enrollment will be granted in any course which meets minimum enrollment and which has not reached the maximum enrollment at the time established by the College for confirming status of offerings. The waiver excludes any course charges covered by federal or state financial assistance in grant form for which the student is eligible. Students are governed by existing academic policies.

**Advanced Placement and Credit by Examination**

Entering students may receive advanced placement, with or without college credit, by giving clear evidence of competence in courses tested by the College Board Advanced Placement Program (AP), the College Level Examination Program (CLEP), Defense Activity Non-Traditional Educational Support (DANTES), Proficiency Examination Program (PEP) of the American College Testing Program or proficiency examinations administered by the academic departments. Placement and the number of credit hours are determined by the department concerned, following review of the individual examinations, appropriate secondary school coursework and personal interviews as needed.

**Home Schooled Students**

Applicants who have been home schooled during their secondary school career must supply the following information with their application for admission:

1. A course portfolio listing titles, content, textbooks used and projects completed.
2. A Certificate of Completion of a Home Schooled Program that is recognized by the state. Proof must be provided by the student. Certificate of Completion of a home schooled program is considered the equivalent of high school diploma if the program is a recognized home-study program. If the Home Schooled Program is not recognized by the state, the student must provide a statement that certifies the completion of high school through a Home Schooled Program.
   * In those states where Home Schools are not recognized, a student can be eligible if the state did not consider them to be violation of truancy laws. Proof must be provided by the student. In the absence of a Certificate of Completion or proof of compliance with state truancy laws, successful completion of the General Education Diploma (GED) will suffice.
3. SAT or ACT test results.
4. An on-campus interview.
5. A letter of recommendation (from someone other than a parent).
Transfers

Students interested in transferring to Muskingum must submit an application for admission, a secondary school transcript and official transcripts of all post secondary work. Those who have not taken the ACT or SAT should consult the Admission Office about that requirement.

Credit may be received for courses from accredited institutions in which a grade of C (2.00) or better has been earned. Transfer determination includes such factors as type of course, content and time since completion.

Muskingum adheres to the Ohio Board of Regents Transfer & Articulation Policy (July 1993). Satisfactory completion of the Transfer Module from another Ohio institution partially satisfies requirements of the Liberal Arts Essentials.

Muskingum has articulation agreements with Art Institutes International, Belmont Technical College, Clark State Community College, Zane State College and Washington State Community College.

Upon matriculation as a degree seeking student at Muskingum, a graduate of an accredited Associate of Arts or Science program is awarded junior standing (a minimum of 60 hours). All transfer work beyond 60 hours will be accepted on a course by course basis. The baccalaureate degree may be earned upon satisfactory completion of all Muskingum College degree requirements and completion of a minimum of 48 hours at Muskingum.

PLUS Program

Students with certified disabilities may apply for admission to the PLUS Program. Students receive a full range of support services, including tutoring, coursework support and taping of texts and lectures. In addition to the regular application materials, PLUS applicants must submit current legal verification of their disability; students with specific learning disabilities must include results of the Wechsler Intelligence Scale and an achievement test such as Woodcock-Johnson. Non-standard ACT or SAT results are accepted. An offer of admission is extended only after a personal interview, arranged by special invitation, with a member of the PLUS staff. Since available space in the program is limited, early application is encouraged.

Non-Degree Seeking Students

Persons who wish to take coursework at Muskingum for purposes other than pursuing a degree may apply for admission as non-degree seeking students. This classification includes the following: students wishing to take college courses while still in high school, certified teachers seeking additional undergraduate credit, persons taking coursework for personal enrichment, students seeking teacher licensure who have either earned a degree or have met all degree requirements at Muskingum, senior citizens, transient students who are seeking a degree from another institution and students enrolled in continuing education programs or workshops. Credit earned as a special student may later be counted toward a degree; however, students must apply for admission as a regular undergraduate student after a total of 60 credits have been completed, and the final 31 hours toward graduation at Muskingum must be taken as a degree-seeking student. Contact the Admission Office for the appropriate application and admission information.
High school students may take coursework during the fall and spring semesters through the State of Ohio’s Post Secondary Options Program. This program is intended to provide opportunities for qualified high school students to experience college level classes as a supplement to their high school program. Students enrolled in this program may choose either Option A, which counts for college credit only (all expenses paid by the student), or Option B, in which coursework is taken for both high school and college credit (fee paid by local school districts).

Readmission
Students who have withdrawn or been dismissed from the College who desire to re-enter must apply for readmission. Decisions on applications for readmission are made by the Vice President for Academic Affairs in consultation with the Dean of Student Life and the Academic Standards Committee. Academic coursework taken since departure from Muskingum will be considered in the readmission decision. Applications for readmission are available from the Admission Office.

Leave of Absence
Students in good academic standing may take a one or two-semester leave of absence with the Registrar’s approval. Students do not have to reapply for admission if they return within the prescribed time frame. Students failing to return from a leave of absence are administratively withdrawn and must reapply for admission. Students not in good standing are not eligible for leave of absence.

International Students
Applications from international students seeking admission to the undergraduate program should be directed to the Director of International Programs. A TOEFL (Test of English as a Foreign Language) score of 213 is generally required for admission. Academically qualified students with scores between 150 and 213 may be eligible for the English Support Program.

After meeting requirements and providing the documentation described in the international student application, accepted students will be issued the I-20 Form in order to obtain their (F-1) visas. Exchange students will be issued the DS-2019 Form in order to obtain their J-1 visas. The International Programs Office provides pre-arrival information, an orientation program and assistance with the Immigration and Naturalization Service requirements for all international students admitted to Muskingum College.

English Support Program
The English Support Program gives academically qualified students who are not native speakers of English, and have not achieved a score between 150 and 213 on the TOEFL (Test of English as a Foreign Language), the opportunity to begin their college studies with a combined curriculum. This curriculum consists of one class in English as a Second Language (ESP 082 or ESP 100), regular courses and content-based tutorials. English Support Program students are also provided with extended time on all in-class tests and exams. Students
pay regular full-time tuition to participate in this program. Regular courses, ESL classes, content-based tutorials and all support services are offered at no additional cost.

**Tuition and Fees**

Muskingum is a non-profit institution which derives a large portion of its operating budget from tuition and fees paid by students. The balance comes from endowment earnings and gifts from alumni, foundations, corporations and other friends.

The schedule of fees for the upcoming academic year is normally approved by the board of trustees at a winter meeting. All current and prospective students are notified of fees in the spring. Student charges are billed prior to the start of each semester.

**Undergraduate Tuition and Fees**

Muskingum’s undergraduate fee structure is set according to the student’s status as a Regular Undergraduate or a Special Student. Regular Undergraduates are charged the standard full-time rate for each semester during which they carry at least 12 credit hours and an equivalent per hour rate for less than 12 credit hours. Students in the PLUS Program are assessed a surcharge ($4,850 for 2004-05) and are considered full-time with at least 10 credit hours per semester. Special students are charged a reduced credit hour rate based on the current tuition, dependent upon their status, and may have a limit on the number of credits per term which they may carry. Special students are not eligible for institutionally funded financial aid.

Be aware that costs listed here are for the 2004-05 academic year only. Charges for future years will likely reflect a modest increase.

**Basic Costs (per year) – 2004-05**

Applied Music Fee:
- Half hour private music lessons (per semester) ........................................ 200
- Full period lessons for music majors in principal (per semester) ............ 250
- Full period lessons for non-majors and outside of principal (per semester) ........................................................................ 350

*Student Activities Fee supports on-campus programming, special weekend events, and entitles the student to a subscription to the weekly college newspaper, The Black and Magenta.

Graduate Tuition and Fees
Graduate tuition is charged on a per credit basis. Students enrolled in nine or more credits are considered to be full-time. Additional instructional, technology, and document editing and binding fees may be required of some courses or programs. To complete course registration, students must pay tuition before the beginning of each term. Information about the College’s deferred payment plan is available in the Student Accounts Office or the Office of Student Financial Services.

Graduate tuition for 2004-2005 .................................. $265 per semester hour of credit

Special Fees
- Matriculation Fee ....................................................................................... $20
- Application for graduation........................................................................ $25
- M.A.E. project binding fee
  (additional $8.00 each for CDs and videos) .............................................. $16

Payments
Arrangements to pay college accounts must be made prior to the start of classes each semester. Students receive statements in advance showing all charges for tuition, room, board and fees. Accounts should be settled by statement due date to avoid conflicts on opening day.

The College has a deferred payment plan available. Details concerning this plan accompany student account statements. There are various other methods by which student charges can be paid. For information contact the Student Accounts Office or the Office of Student Financial Services.

Students whose financial obligations to the College have not been settled are not permitted to enroll in future coursework and cannot receive an official college transcript or diploma.

Undergraduate Withdrawal and Refund Policy
An undergraduate student who wishes to withdraw from the College can do so until the end of the last day of classes in a given semester. A “Student Withdrawal” form must be completed and submitted to the Registrar’s Office. The withdrawal becomes effective and a grade of “W” is assigned for all classes in which the student is enrolled upon the Registrar’s receipt of this form. Federal regulations require that the date of withdrawal be the last day of class attendance. With the exception of partial semester courses that are complete as of the date of withdrawal, a grade of “W” is assigned for all classes in which the student is enrolled.
Students who withdraw or take a leave of absence from Muskingum College for any reason after the start of an academic term, or who are dismissed in mid-semester, are entitled to a refund of charges according to the following policy.

Students withdrawing or taking a leave of absence prior to the beginning of an academic term, or during the add/drop period of that term will receive 100% refund of tuition, fees, and room charges (less deposit), and pro-rated board charges. An early withdrawal fee of $100.00 will be assessed.

Withdrawal/leave of absence after the add/drop period will receive a refund of tuition, fees, and room charges (less deposit) according to the following schedule:

- Within the first seven days following the add-drop period: 60%
- Within the next 14 days: 40%
- Within the next 14 days: 20%
- Thereafter, no refund of tuition, fees, or room charges (including deposit).

Board charges will be refunded based upon the following formula: (Number of weeks remaining in the term divided by the number of weeks in the term, rounded down to the nearest 10%) times (Plan board and charge for the term) = refund.

A board week will be considered earned on each Monday’s reconciliation between Campus Services and Student Affairs.

Financial aid awards to students who withdraw after the beginning of a semester are recalculated on a basis consistent with written college and federal/state policies governing student financial aid in a withdrawal situation. If any portion of a student’s charges is to be refunded due to withdrawal, an adjustment must be made to the student’s financial aid, since the family contribution must be applied first toward applicable charges.

In cases where financial aid awards must be adjusted, the proper amount of student aid is returned to the appropriate fund, or, in the case of Stafford Loans, to the lender. Federal Title IV funds are returned to their respective accounts in the following order: Federal Stafford, PLUS Loans, Perkins Loans, Pell Grants and Supplemental Educational Opportunity Grants. State grants are refunded in accordance with the guidelines of the specific state agency.

If the resultant calculation of charges and financial aid indicates a refund is due the student, the refund will be paid by check within a reasonable period of time. If the calculations result in a balance due the College, payment to Muskingum College will be expected in a reasonable period of time.

Financial Aid

The primary purpose of the Muskingum College financial aid program is to provide resources to those students who would be unable to attend without such assistance.

Most financial aid resources are allocated to meet a student’s need the difference between educational costs and the amount of money which the family can reasonably make available for educational purposes.

In order to assist the greatest number of needy students, financial aid resources are allocated equitably in packages consisting of gift aid (grants,
scholarships) and self-help (loans, work). No student should expect unusually high breakdowns of either gift aid or self-help, although there is some variation based on academic performance.

Muskingum’s financial aid commitment to a student is for the period of time required to complete a degree, dependent upon the student’s continued demonstrated need and satisfactory academic progress. A complete description of satisfactory progress requirements is provided for all financial aid recipients.

Students must file for financial aid annually and meet all stated deadlines in order to be given full consideration for financial aid. Returning students must file the Free Application for Federal Student Aid (FAFSA) and submit verification materials and copies of student and parent tax returns preferably between January 1 and April 15 of each year. Entering students must file the FAFSA and submit copies of tax returns and required verification materials, preferably between January 1 and March 15. Submission of these materials serves as an application for federal, state and Muskingum College need-based financial assistance.

Information about financial aid available for graduate study is available from the Office of Student Financial Services.

Financial aid awards are processed by the Office of Student Financial Services in accordance with College policy and the regulations governing the various aid programs. Financial aid policy is determined by the Dean of Enrollment in consultation with the President and Senior Staff. Academic progress matters are reviewed by the financial aid committee on academic progress. All appeals of financial aid academic progress decisions are filed with the Dean of Enrollment and considered by the financial aid committee, which consists of the Dean of Enrollment, the Director of Student Financial Services Operations, a representative of the Student Affairs and Academic Affairs divisions, and the Registrar. Final appeal is to the President of the College.

Muskingum College Scholarships and Awards

Academic Scholarships

Muskingum College offers academic scholarships to undergraduate students as part of the overall financial aid program. All applicants for admission are automatically reviewed for academic awards on the basis of their secondary school record (grade-point average in academic courses, class rank, strength of curriculum), standardized test results and performance in an on-campus scholarship competition may also be considered. These academic scholarships are:

- John Glenn Scholarships - Full tuition
- Presidential Scholarships - $7,000 to $12,000 per year
- Faculty Scholarships - $4,000 to $6,500 per year
- Science Division Scholarships - $1,000 to $2,000 per year

The value of a student’s academic scholarship can be enhanced through an excellent performance in Muskingum’s on-campus scholarship program; these enhancements range from $500 to $1,500 above the base scholarship level which is determined by the secondary school record. Students must take part in the scholarship competition to be considered for the John Glenn Scholarship.
Science Division Scholarships are directed toward outstanding students pursuing a degree in the natural and physical sciences. A separate application and interview are required.

Transfer students are considered for Faculty Scholarships and Special Acknowledgment Awards based on previous college work, and, in some cases, the secondary school record. They may also apply for Science and Performance Scholarships.

Continuing students who were not awarded scholarships as entering students will receive awards of $3,000 per year if they maintain at least a 3.4 cumulative grade-point average after a minimum of two semesters’ work at Muskingum.

Students must maintain a cumulative grade-point average of at least 3.0 in order to insure automatic renewal of all academic scholarships.

Performance Scholarships

Annual awards are available in the performance areas of Art, Music, Forensics, Journalism (Broadcast and Print) and Theatre. These awards are determined by the respective departments; Music Scholarships typically range from $300 to $2,000 per year, while the others range from $500 to $1,500 per year. All are renewable dependent upon maintenance of a specified grade-point average and participation in departmental activities.

Awards of Circumstances

Muskingum offers certain automatic Awards of Circumstance to undergraduate students who meet the defined conditions for the award. Financial need is not a consideration, but the awards are included as part of the financial aid package for students who demonstrate need.

- **Special Acknowledgment Awards** are made to students who are not awarded academic scholarships but meet specified minimum GPA and ACT/SAT standards. Awards range from $2,000 to $3,500 per year for four years. A 2.5 cumulative GPA is required for renewal.
- **Presbyterian Grants** are given to students who are communicant members of the Presbyterian Church, USA at the time of entry to Muskingum. Awards are $1,000 per year for four years. Notification of official membership by the church pastor must be submitted to Muskingum.
- **Alumni Grants** are made to children and grandchildren of Muskingum College alumni. Awards are $1,000 per year for four years. Students must indicate the alumni relationship on the application for admission.
- **Appalachian Regional Grants** are awarded to students who reside in a county defined as Appalachian by the Appalachian Regional Commission. Awards are $500 per year for four years. The county of residence must be indicated on the admission for application.
- **Clergy Grants** are made to dependent children of ordained Presbyterian Church, USA ministers engaged in full-time church work. Grants are $1,000 per year for four years.
- **Sibling Grants** are given when two or more dependent students from the same family are enrolled simultaneously at Muskingum. Tuition charges are discounted by 25 percent for all but the first student, with the total
discount divided equally among all the family’s dependent children in attendance.

- **General Motors/Equal Employment Opportunity Scholarships** are awarded to female students who have a parent employed by General Motors and to minority students. Awards are $1,000 per year for four years.
- **Access Awards** of up to $5,000 per year are made to selected students with exceptional financial need and/or who represent underserved populations.

**Financial Aid Policies and Student Responsibilities**

Muskingum College sets limits on the total amount of Muskingum-funded financial assistance which students may receive. These limits vary in accordance with type of award, amount and timing of awards. The limits are explained in materials that accompany scholarships, need-based awards, non-need-based and the Financial Aid Estimator.

Students must generally be enrolled full-time in order to be considered for Muskingum Scholarships and Grants and Awards of Circumstance.

Students must generally be enrolled at least half-time (six credit hours) in order to be eligible for Pell Grants, Supplemental Educational Opportunity Grants (SEOG), state grants or to obtain Federal Perkins, Stafford and Plus Loans.

Male students must be registered with the Selective Service in order to be eligible for federal or state aid.

Students receiving financial aid awards in excess of $100 from external sources must report these awards to the Office of Student Financial Services. Muskingum will then make appropriate adjustments to the aid package if necessary.

Students must maintain satisfactory academic progress in order to retain their financial aid. These specific requirements will be stated in the provisions accompanying all financial aid awards.
