

**Muskingum University
Engineering Program
Internship (PHEN 310)
Employer Post-Internship Form**

Thank you for providing this internship opportunity to one of our students.

The Engineering program at Muskingum University is accredited by the Engineering Accreditation Commission of ABET, under the commission's General Criteria with no applicable program criteria.

For the student to receive academic credit for Internship (PHEN 310), Muskingum University must demonstrate to ABET that this course consists of three credit hours of engineering topics.

We ask for your assistance in determining if the **completed** internship met this expectation.

Are you a Professional Engineer or are you supervised by a Professional Engineer?

Were there any substantial departures from the Employer Pre-Internship Form (email engineering@muskingum.edu if you need a completed copy) during the course of the internship? If so, please explain.

Did the student complete 150 hours of work?

Would you hire this student again?

The National Association of College and Employers (NACE) has outlined seven career readiness competencies. Please rank the student on each one.

Career Readiness Competency	Novice, Developing, Proficient, or Master
Career and Self Development

Critical Thinking	
Leadership	
Professionalism	
Teamwork	
Technology	

Are there any points of concerns or recommendations for improvement you would like to share with us regarding the student and/or our program?

Note: The student will now prepare a poster about their internship. It is assumed that the supervisor and advisor will both be involved during this process. It will require your approval and the advisor's approval before the student presents it during the Internship and Research Forum in the fall or the Science and Scholarship Week in the spring. The student's advisor will email you the finalized poster and ask for your final approval.
