

### Contact Tracing Log

This page is intended to help you identify close contacts in the event you receive a positive COVID-19 test result.

To identify close contacts, you should keep track of your movements and interactions every day. The following definitions may help you identify the people who should be on your list. If you are unsure about your contact with somebody, include them on your list. We will verify their contacts (without identifying you).

**Close contact:** Somebody who was within 6 feet of you for a total of 15 minutes 48 hours prior to your testing date and until you receive test results.

**Description of Exposure:** Possible responses could include, household, classroom, dining, work, sport/exercise, gathering.

<u>Name</u>	<u>Phone</u>	<u>Address</u>	<u>Date(s) of Contact</u>	<u>Description of Exposure</u>

**Use a second page if needed.**
