ANNUAL REPORT

MUSKINGUM

UNIVERSITY

Muskingum IMPACT: Imagine the Possibilities

Dear Muskingum Alumni and Friends,

The world has changed dramatically since we began to prepare this second annual issue of Muskingum IMPACT. Our immediate response to the COVID-19 pandemic was driven by our highest priorities to take care of our learning community and enable our students to continue their education. Our students, faculty, and staff responded with creativity and resilience to finish the Spring 2020 semester well.

As we look to the future, meeting the needs of our students remains our guiding principle. We plan to reopen the Muskingum campus for in-person classes and student housing in the fall, with careful attention to safety protocols. We will be prepared to adapt as needed should health guidelines change.

Although there are unknowns in the new realities ahead, we believe now more than ever that it is imperative that we implement the strategic vision of our action plan, IMPACT 2025. The key to our ability to achieve that strategic vision and prosper in the years ahead is to provide students with an exceptional educational experience.

The need has never been greater for IMPACT 2025's centerpiece project, the Health and Wellness Complex (HWC), which will help us ensure that exceptional educational experience by providing students with the facilities and programs they need to succeed in a changing world. We are moving

forward with this crucial investment in our students and our region, beginning construction in Summer 2020 and anticipating that it will be completed in 2022. We believe that the HWC will:

- *Transform the student experience*, enabling the development of new academic programs and innovative technologies, and providing new and expanded athletic and wellness facilities.
- *Serve as a catalyst* for economic growth in our region, expanding our role in community health and wellness, workforce development, and technological innovation and serving as a springboard for new and expanded partnerships with regional healthcare providers, business and industry, and government and civic organizations.

With this publication, we are excited to share our progress on a variety of important IMPACT 2025 initiatives – with a special focus on the HWC – and to thank and recognize you, our alumni and friends, for your generous support.

Together, we are moving Muskingum into a new era, connecting our strong history and traditions to a thriving future of expanded impact, assuring that the University will continue to remain a force for positive change in the lives of our students, our region, and the world.

With warm regards,
President Susan S. Hasseler

IMPACT 2025

Our strategic **Action Plan** guides us to a dynamic learning environment where each and every one of **Our Students Will Thrive**.

With vital **New Initiatives** shaping how our students experience their education, **Muskingum University Will Thrive**.

Creative Collaboration brings our campus, our surrounding communities, and our alumni and friends together in **Powerful Partnerships**, to **Help Our Region Thrive**.

The transformational **Health and Wellness Complex** is key to building a **Thriving Future for Our Students, Our University, and Our Region**.

Learning & Innovation

IMPACT 2025's Learning & Innovation initiatives are **CATALYSTS** for expanding student engagement opportunities, supporting student success, and promoting inclusive excellence.

The Muskingum Experience produces graduates who are:

-  **Creative** problem-solvers
-  **Purpose-driven**, action-oriented community members
-  **Catalysts** for change

The Muskingum University Fellows Program

A four-year, hands-on, cohort experience, Muskingum's **Fellows Program** prepares our students to make a positive impact in their communities and the world.

John and Annie Glenn Public Service Fellows

The inaugural cohort of the **John and Annie Glenn Public Service Fellows** was formed in Fall 2019. The Fellows have already demonstrated their commitment to becoming engaged, active citizens and public servants.

Adopting the **Village of New Concord Candidates Forum** as one of their first projects, they partnered with Orbit Media – Muskingum's student-led converged media newsgroup – and Village community leaders. They created questions, determined the question and answer format, and moderated the event, which featured Village mayoral and East Muskingum School Board candidates.

Co-directed by **Dr. Brian King**, Associate Professor of Political Science, and **Dr. Keith Eberly**, Assistant Professor of Education, this fellows program is **made possible through the generosity of Thomas C. '63 and Ilona Moore '64 Fox**.

Innovation Fellows to Launch in Fall 2020

The first cohort of the **Innovation Fellows**, made possible through the generosity of **David '81 and Karin Collins '82 Kratoville**, will launch in Fall 2020.

Through the **investigation, development, and application of innovation**, the program's broad scope is designed to develop students from all disciplines, backgrounds, and interests into holistic, **life-long problem solvers and innovators**.

The program will be directed by Associate Professor of Physics **Dr. Rob Wilson**, and a cross-disciplinary advisory group of faculty and staff will serve as a student resource base.

To learn more, visit muskingum.edu/fellows

THANK YOU!

Transformative Growth

IMPACT 2025's Transformative Growth Initiatives **CONVERGE** to reach expanded audiences of learners with educational excellence that addresses societal and workforce development needs.

Innovative Programs Help Meet Regional Workforce Needs

Occupational Therapy:

Partnering with our Regional Healthcare Community

Inspired by healthcare workforce needs and developed through **close collaboration with regional occupational therapy education and practice communities**, our **Master of Occupational Therapy (MOT)** program opened in Fall 2019.

Designed for learners who hold an associate degree and a valid Occupational Therapy Assistant license, the program is aligned with the two-year Occupational Therapy Assistant programs offered throughout Ohio.

Delivered through **a combination of online learning and on-campus residency weekends**, the program prepares MOT graduates to advance their careers and address the critical shortage of occupational therapists in our region.

Jumpstart: Teacher Licensing Supports Demand for K-12 Educators

Flexible graduate and continuing studies options in our highly regarded teacher preparation program **serve both experienced educators and those entering the teaching field.**

Learners can earn Master of Education, Master of Arts in Teaching, and Educational Specialist graduate degrees, or choose multiple teaching licensure and endorsement programs.

The innovative **Jumpstart program** provides an **accelerated pathway to the high-demand teaching license** for "Intervention Specialist: Mild to Moderate" through an online format.

With options for both initial and advanced licensure candidates, the program features **integrated course and field work to deliver relevant, hands-on learning.**

Jumpstart is Muskingum's response to the demand for K-12 teachers to meet student needs in new and innovative ways.

Nursing: Program Access Expands with New ABSN Degree

Ranked #1 in the state of Ohio by registerednursing.org, our nursing program has achieved a **100% pass rate** by graduates on the **national nursing licensing exam (NCLEX)** and **100% career placement in the field** for four consecutive years.

The program currently offers a **Bachelor of Science in Nursing degree** for full-time, pre-licensure students and an adult online **RN to BSN degree** serving established registered nurses.

Beginning in Fall 2020, the new **Accelerated Bachelor of Science in Nursing (ABSN)** program will expand program access to learners who hold a bachelor's degree or higher in a field other than nursing. Through a combination of online and face-to-face classes, ABSN students will be able to complete their degree in just 15 months.

Visibility & Distinction

IMPACT 2025's Visibility & Distinction Initiatives **CHAMPION** our Muskingum pride, telling our story and engaging our community.

Overall University Print & Digital Media Visibility

Muskingum's robust awareness efforts are increasing the University's profile in our region and beyond, highlighting the impact of our students, faculty, staff, alumni, and friends through traditional news and social media.

Thriving Future

IMPACT 2025's Thriving Future Initiatives will create exciting opportunities for our **STUDENTS**, our **CAMPUS**, and our **REGION**, through the **COMMITMENT** of our alumni and friends.

Now is the time to invest in Muskingum's future.

The key to achieving Muskingum's strategic vision is providing students with an exceptional educational experience, which delivers the programs they will need to succeed in a changing world. Recognizing the societal and economic challenges of the COVID-19 era, moving forward now is both essential and prudent for the University.

One of the signature projects of IMPACT 2025, the **Health and Wellness Center**, will **transform Muskingum's student experience** and **expand the University's regional role** in community health and wellness, workforce development, and technological innovation.

- The HWC will position Muskingum for growth, as we deliver the programs and opportunities students seek to shape their futures. Their **need has never been greater** for hands-on learning opportunities, new multidisciplinary academic programs, innovative technologies, and a campus facility supporting their pursuits in varsity athletics, fitness, wellness, and recreation.

- Muskingum's role as an **economic catalyst** within our region is more important than ever before, particularly in the areas of health and well-being, as we prepare exceptional graduates for the workforce and promote new business and innovative technology development.
- The HWC will **anchor powerful partnerships** with healthcare providers and health-related technology innovators, strengthening student learning, workforce development, community health, and the region's economy.
- The project is based on a **sound financial plan**. Fundraising efforts to date are drawing the support of generous alumni and friends, private foundations, and government agencies, with more than half of the total funds needed already raised and designated solely for the HWC.

"We are taking bold action to position Muskingum for a strong future, while expanding our service to the region."

— Susan S. Hasseler, President

THE HEALTH AND WELLNESS COMPLEX:

IMAGINE THE POSSIBILITIES for Transformative Growth

A transformed physical campus, with a stunning facility situated next to the existing turf field and surrounding track.

NEW STADIUM seating and concourse areas.

Multi-sport **INDOOR FIELDHOUSE**, with a competition track and 60+ yards of turf.

State-of-the-art **DIAGNOSTIC HUB**, with a fitness area, diagnostic center, and athletic performance laboratory.

Multi-purpose **CLASSROOMS** and conference rooms for health and well-being education.

FITNESS AREA with advanced equipment, located near the indoor track and turf field for seamless integration of workout routines.

FULLY ACCESSIBLE SPECTATOR SEATING AND BUILDING AMENITIES to welcome students, families, friends, prospective students, and community members to athletic competitions and other events.

Intercollegiate student-athletes represent more than **50%** of Muskingum's incoming class each year, and more than **60%** of all students participate in campus intramurals.

THE HEALTH AND WELLNESS COMPLEX:

IMAGINE THE POSSIBILITIES for Learning & Innovation

The Diagnostic Hub will be a **CATALYST** for Partnerships.

COLLABORATIVE HEALTHCARE education, research, and hands-on clinical experiences, within and across disciplines, and with regional healthcare professionals.

HIGH-TECH DIAGNOSTIC SCREENING AND THERAPEUTIC TREATMENT center that will engage students and faculty in providing services to community members through innovative partnerships.

PARTNERSHIPS with area healthcare providers, technology innovators, and business and industry.

The capacity for **VIRTUAL COMMUNICATION** between Muskingum and partner healthcare and education providers.

**VIRTUAL AND TELEMEDICINE
DIAGNOSIS & TREATMENT**

STRENGTH & CONDITIONING

FITNESS

TREATMENT & REHABILITATION

WELLNESS

ADAPTIVE

DIAGNOSTIC TECHNOLOGY-BASED DEVICES

OCCUPATIONAL SAFETY ASSESSMENTS

CONCUSSION MANAGEMENT PERFORMANCE

PLANS

THE HEALTH AND WELLNESS COMPLEX:

IMAGINE THE POSSIBILITIES for **Visibility & Distinction**

The HWC will help our students develop into **CHAMPIONS** in the classroom, in athletics, and in their personal lives.

ENHANCED ATHLETIC, FITNESS, RECREATION, AND WELLNESS opportunities that support student success, engagement in campus life, retention, and recruiting.

EXPANDED HOSTING OPPORTUNITIES for collegiate and high school competitions, tournaments, and championships, bringing new visibility and audiences to our campus, community, and region:

- Football
- Soccer
- Lacrosse
- Track & Field (Outdoor and Indoor)

A new centerpiece for **GAME DAY EXCITEMENT** as students, alumni, friends, and community members cheer on the Fighting Muskies!

INDOOR FIELDHOUSE featuring:

- 200-meter regulation indoor track surrounding a turf field.
- Year-round training access for football, lacrosse, soccer, softball, baseball, and track & field.
- Year-round intramural sports and recreation.
- Upper level spectator seating for track meets and other fieldhouse events.

THE HEALTH AND WELLNESS COMPLEX: IMAGINE THE POSSIBILITIES for a Thriving Future

CONSTRUCTION of the HWC will begin in Summer 2020, and it is expected to open in Fall 2022.

To make the HWC a reality, Muskingum is engaged in a **\$30 MILLION** fundraising campaign.

We have already received powerful leadership gifts from dedicated alumni and friends of the University:

- A collective, signature **\$4.2 million gift** from the Board of Trustees, with 100% participation, launched the HWC fundraising effort.
- Alumni council members have made a collective **\$350,000 gift** to date in support of the HWC.

- Members of the 50th Reunion **Class of 1969** have designated their class gifts for the HWC.

- **Many dedicated alumni and friends** have made generous individual gifts.

We hope you will consider joining with them and help turn the HWC's imagined possibilities into the future reality for our students, our University, and our regional community.

MINUTE WITH A MUSKIE: Why I Support the HWC

Lynne Ayres '70

Lynne Ayres led a career in corporate communications, speechwriting, and grant making followed by service in non-profit healthcare and fundraising. She is passionate about Muskingum's commitment to growth and adaptation to student needs.

"From the first time I visited campus, I knew Muskingum was the place I was meant to be. My professors changed my life, teaching me to write and speak effectively, and helping me develop a lifelong love of the arts, world travel, and exploring new cultures."

"After beginning my career at a public utility, I made a conscious decision to enter the healthcare field, serving a foundation for the Ohio Hospital Association. That experience led me to the American Cancer Society, where I met with cancer researchers funded with Society grants. I shared their important work so that our supporters would know their gifts made a difference."

"When it comes to giving to Muskingum, I have always known that my support makes a difference. I'm proud to say that I have given every year since my graduation."

"It brings a great deal of joy to me to see the University thrive. I'm thrilled about the HWC and the ways this beautiful facility will promote health and wellness for the students and the larger community."

"I encourage everyone to develop the habit of 'giving back' to Muskingum and to explore the many ways available to support the University today and through planned giving for the future."

Lynne Wallace Ayres '70 earned her Bachelor of Arts degree in Speech Communication from Muskingum and later completed a Master of Business Administration degree from Franklin University. She resides in the greater Columbus, Ohio area.

Dennis Swit '91

Dennis Swit is the CEO and Owner of Loan Protector Insurance Services, a leading provider of lender-placed insurance and insurance tracking services to the mortgage servicing industry.

"I have always felt a very special connection to the University and my fellow alumni. Everything that defines who I am has come about because of my time there."

"I chose Muskingum because of the opportunity to play football, but I soon became involved in so much more. While a varsity student-athlete, I was also Class President and active in Student Senate, Judiciary Board, WMCO Radio, and M.A.C.E. Club."

"Through all of these experiences, I learned about leadership and commitment, and I made lifelong friendships."

"Early on in my career, it was a Muskingum connection that led me to enter the insurance industry. Curt Oliver '66 was then a senior executive with a national insurance brokerage firm, and he helped me discover the field and understand how I could apply my skills in this arena."

"That first opportunity led to other doors opening for me. I joined Loan Protector in 1998 as VP of Sales, became CEO in 2010, and in 2018 was fortunate enough to fulfill my dream and buy the company as the sole owner."

"When I learned about the Health and Wellness Complex, I immediately knew that making a gift for the facility was an important way for me to give back to Muskingum and support both current and future Muskies."

Dennis J. Swit '91 majored in Business and Speech Communication. He and his wife Dawn reside in Chagrin Falls, Ohio.

Craig '73 and Debbie Hart '74 Anderson

Neonatologist Dr. Craig Anderson is the founder and president of Central Ohio Newborn Medicine. He has served as a Trustee since 1995 and received the alumni Distinguished Service Award in 2018. His family's Muskingum legacy spans multiple generations. He and his wife Debbie Anderson '74 are furthering Muskingum's future and honoring its past with their gift to the Health and Wellness Complex.

"I've seen firsthand how the University has evolved over the years to meet the needs of its students and the region, by developing new programs, serving new audiences, and building new campus facilities."

"The Health and Wellness Complex builds on that history to move the University forward. It's not only creating a new facility, it's creating a whole

new environment for Muskingum students and for the University's role in the community."

"I'm excited about the impact the HWC will have on so many important areas. For our students, it will reshape their entire experience on campus, with new opportunities for hands-on learning, athletics, and recreation, and bring a new level of energy to student life events and activities. The faculty and staff will benefit from new opportunities for their research and teaching."

"As a physician, I love the idea of opening up healthcare affiliations and partnerships, and of

creating new roles for Muskingum to play in serving the community. From community health, to workforce and economic development, to hosting new high school and college athletic events, it's a win-win-win for everyone."

"There is so much synergy around the HWC. Debbie and I are proud to make a gift that will help turn its amazing possibilities into a bright future reality."

Dr. Craig W. Anderson '73 and Debbie Hart '74 Anderson are the parents of Ashley Anne Anderson '09, Andrew Anderson, and Allyson Anderson Wycuff, and the grandparents of Ella, Finley, and Piper. They reside in Columbus, Ohio.

Alumni Leadership: A Legacy of Service

Congratulations to those members of the of the Board of Trustees who have recently reached significant milestones. Thank you for your leadership, stewardship, and service!

Hal Burlingame '62, Trustee since 1985, **retired as Chair of the Board** after 25 consecutive years and remains an active Trustee.

Kim Gage Rothermel '71, Trustee since 1997, elected **Chair of the Board**.

Ruth Champlin Hefflin '60 named **Trustee Emeritus** after 25 years' service.

Allen E. Loomis '69, named **Trustee Emeritus**, after 32 years' service.

Gordon E. Spillman '69 named **Trustee Emeritus**, after 24 years' service.

Jim Gray '74, elected **Trustee**, after 8 years' service as Alumni Council President/alumni designated trustee.

Darrell L. Hazell '86, elected **Trustee**.

Cheryl Hetrick Carpenter '86, elected **Alumni Council President**/alumni designated trustee.

IN MEMORIAM:

Henry D. Bullock '77, 1955-2019

Trustee and alumnus Henry Dure Bullock '77 was a committed and generous supporter of Muskingum University and its students. In addition to serving on the Board of Trustees for 15 years, he previously served as a member of the Alumni Council.

Henry was an entrepreneur and a world traveler who treasured time spent with family and friends. He loved a good debate, particularly on topics of philosophy and economics, in which he earned his Muskingum Bachelor of Arts degree cum laude. He fondly recalled Professors Joseph B. Elkins and Herbert F. Thomson as inspirational mentors in his life and career.

While at Muskingum, Henry was on the staff of the Black and Magenta newspaper, a contributor to First Circle literary magazine, and a member of Kappa Sigma Fraternity, the honor societies Omicron Delta and Phi Sigma Tau, and the varsity golf team. Golf remained a passion for him throughout his lifetime.

After earning a Master of Business Administration degree from the Kellogg Graduate School of Management at Northwestern University in 1979, Henry began his commercial real estate career. He served in Wells Fargo Bank's Real Estate

Industries Group, the commercial mortgage banking operations of Security Pacific Corporation, and as Managing Partner in the Shidler Group.

In 1994, Henry co-founded Menlo Equities, which invests in commercial properties in Silicon Valley and other high-demand, technology- and innovation-driven markets throughout the United States.

In 2016, Henry was awarded an honorary Muskingum Doctorate of Humane Letters degree. He delivered an inspiring commencement speech, challenging the graduating class to combine passion and persistence to reach their goals.

Henry is survived by his companion Sonia Mitchell, son Benjamin (Christina) Bullock, daughter Christine (Brian) Wendell, grandson Brooks Bullock, the mother of his children, Terri Bullock, mother Mary Dure Bullock Johnson, brother Page (Linda) Bullock, and sisters Sarah (David) Nix and Madelene (Eric) Wilson.

“Once you’ve made a life decision, don’t look back. Go with passion. Attack it with a positive attitude, and if you do that, then that major decision is likely to work out.”

Muskingum Society Members

The Muskingum Society honors alumni and friends who help sustain our long tradition of life-changing education by making an annual commitment of \$1,000 or more to the University. Donors listed reflect giving from July 1, 2018 through June 30, 2019. For more information, visit muskingum.edu/giving/muskingum-society.

THANK YOU!

Muskingum University Heritage Society Members

Heritage Society membership recognizes living alumni and friends who have provided for the University with a planned gift.

Planned gifts can be made through a bequest to the University in an estate plan or through establishing a gift plan which pays a lifetime income to the donor and then leaves the remaining assets to Muskingum. Other opportunities to support Muskingum include gifts of stock or mutual fund shares, real estate, insurance policies, and retirement assets such as IRA charitable rollovers.

For more information, visit muskingumplannedgiving.org.
