## Muskingum College 1971 Muscol Juan

A yearbook is naturally reflective of the editor.

A yearbook about Muskingum is naturally reflective of the people who are here now, and of all those who have been here.

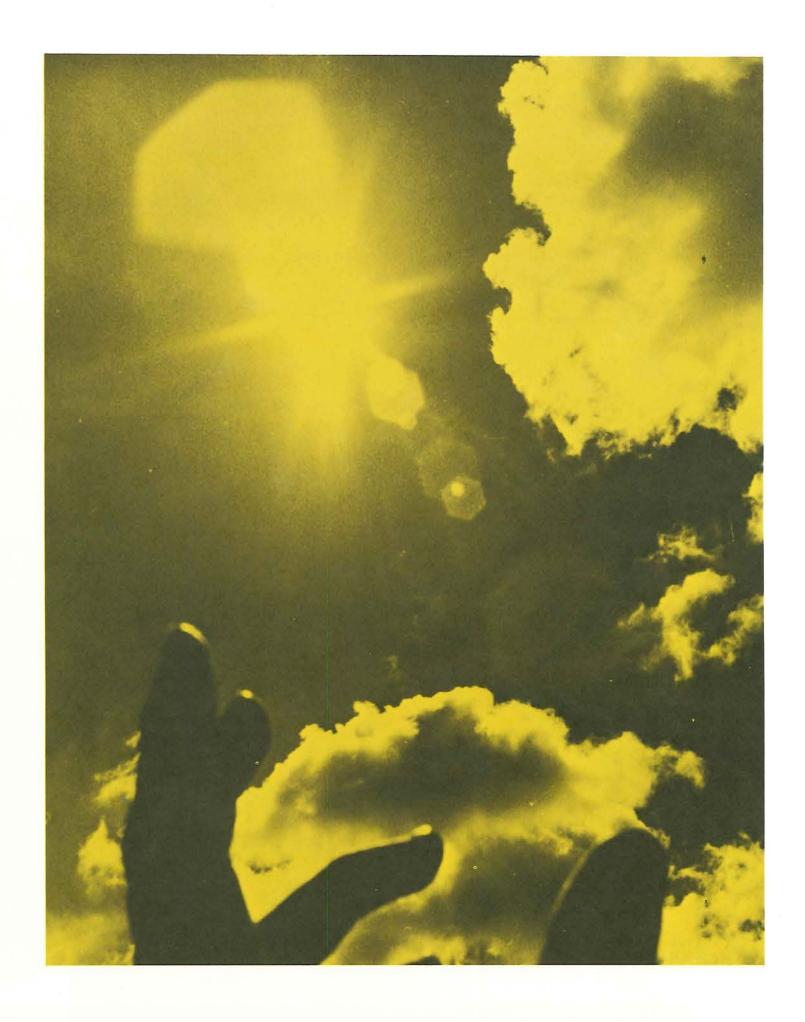

It is these people who make Muskingum and this yearbook.

I have attempted to show Muskingum as it is, the people as they are, and some thoughts about these two, who are one.

After four years with Muskingum, I can say I only have one regret.

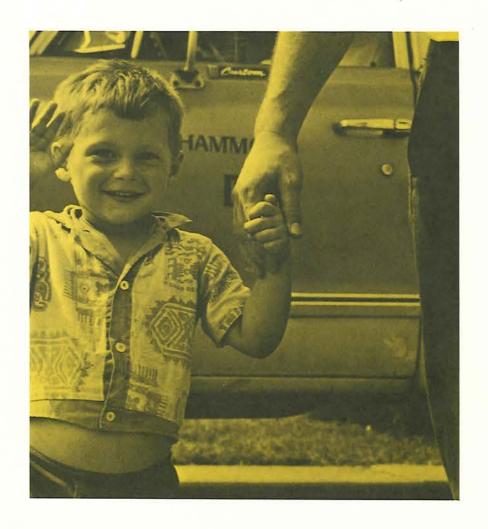

I didn't get to know you all better.
