From the President and the Board of Trustees

Dear Alumni and Friends,

As we extend our gratitude to you for your generosity, we do so with a deep sense of humility for your support and a shared vision for Muskingum's future.

There is a direct correlation between our success and your support, and the result is the momentum that is sweeping the campus. From the Otto & Fran Walter Hall cornerstone dedication to the 2010 commencement ceremony welcoming new graduates into the Muskies alumni family, momentum is all around us.

Muskingum's students are on a quest to satisfy their intellectual curiosity and broaden their knowledge. Take a look at our classrooms, laboratories, theatre and playing fields. They are alive with activity and energy that reinforce our core mission: "to develop – intellectually, spiritually, socially and physically – whole persons." Every day, our faculty, staff and administration work collaboratively with our student body to achieve this goal.

Momentum is never resting on achievement. We have many achievements for which to be proud. Over the past few years, we have increased first-year student enrollment, constructed student facilities to enhance learning, and we continue to expand undergraduate and graduate course offerings. We are on a forward-looking journey as we continue to evolve for the future.

Momentum paves the road to success. Thanks to your unwavering support, Muskingum is enjoying tremendous success in every facet of our university. We are excited by what lies ahead and hope that you'll share with us every step of the journey.

Sincerely,

Anne C. Steele

Ms. Masteller was previously Assistant Curator of Islamic and Later Indian Art at the Arthur M. Sackler Museum of Harvard University. She co-authored *From Mind, Heart, and Hand: Persian, Turkish, and Indian Drawings from the Stuart Cary Welch Collection* (Yale University Press and the Harvard University Art Museums, 2004) and was co-curator of an acclaimed traveling exhibition featuring works from this renowned collection.

She is the recipient of prestigious fellowships from the Fulbright Foundation and the Social Science Research Council for study in India, and is fluent in several languages. She has taught art and art history at the Art Institute of Boston,

Ohio University, The Ohio State University, Denison University, and the Pembroke Hill School (Kansas City, MO). She has published her work in an extensive array of catalogues, anthologies, and periodicals, and is a frequent guest lecturer, conference presenter, and peer reviewer.

Jane Power Mykrantz

Reverend Jane Power Mykrantz has changed the lives of others through her lifetime of service and leadership in her ministry and her community.

Reverend Mykrantz has answered the call to meet the pastoral needs of many congregations, most recently the First Presbyterian Church in Granville, Ohio. She pioneered new roles for women in the ministry, becoming the first ordained woman to serve on the pastoral staff of the historic Worthington Presbyterian Church – one of Ohio's oldest congregations, founded in 1805.

Reverend Mykrantz has guided the Presbytery of Scioto Valley in its partnerships with 110 congregations and 22,000 parishioners. Her leadership roles have included Vice Moderator, Moderator, and Interim Executive Presbyter of Scioto Valley. She has served with distinction on Scioto Valley's essential Support Commission of the Presbytery, Presbyterian Search Committee, and the Staff Services Committee.

She earned her undergraduate degree from Wellesley College and her Master of Divinity degree from Methodist Theological Seminary of Ohio, which honored her with the John and Ruth Mount Alumni Award for Distinguished Service.

Reverend Mykrantz has been a dedicated member of the Muskingum University Board of Trustees since 1987 and a member of its Executive Committee

since 1988. She chairs the Student Affairs Committee, which embodies the Board's commitment to providing students with exceptional opportunities in their co-curricular and campus lives.

An active and committed volunteer, she has served on the boards of numerous civic organizations, including the Hospice of Riverside Hospital, Nationwide Children's Hospital TWIG, the Greater Columbus Homelessness Prevention Program, the United Community Council, Neighborhood House, Columbus Arts Council, and Columbus Association for Performing Arts. She has been President of the Board of Planned Parenthood of Columbus and of the Junior League of Columbus.

Reverend Mykrantz was married to the late Peter Shedd Mykrantz for 51 years. Her family includes two sons – Peter, Jr., and his wife, Debra, and Donald and his wife, Susan – and six grandchildren.

Harold W. Burlingame '62

Harold W. (Hal) Burlingame has created an eminent legacy of global leadership and service. In 2004, he was named a Distinguished Fellow of the National Academy of Human Resources. Only nine other individuals have been so honored, including two United States Secretaries of Labor.

As Executive Vice President of AT&T, Mr. Burlingame played a seminal role in the historic transformation of the Bell Telephone System into a global telecommunications provider. He led AT&T's corporate policy initiative, preparing senior executives for unprecedented structural change, and guided a nationwide communication process with more than one million employees. His groundbreaking programs shaped the human dimensions of the transition, creating an innovative "workplace for the future" and furthering AT&T's goals of attaining a world-class, diverse workforce.

Among the many legacies of his 40-year AT&T career are his then-novel corporate programs for child care, elder support, and sabbatical leave. These pioneering recruitment and retention initiatives have been adopted by organizations throughout the world. Since retiring, he has continued to share his expertise as an executive coach of choice for CEOs and other senior executives.

Mr. Burlingame serves as Chairman of the Board of Directors of ORC Worldwide, on the National Advisory Board of the

John J. Heldrich Center for Workforce Development at Rutgers University, and on the Board of Directors of eCornell, the distance learning subsidiary of Cornell University.

He has been a member of the Muskingum University Board of Trustees since 1985, and has served as Chair of the Board since 1994. Mr. Burlingame has been recognized by Muskingum for his tremendous impact on the lives of others with a Doctor of Humane Letters degree and an Alumni Distinguished Service Award.

Mr. Burlingame and his wife, Susanne (Sue) Hussey Burlingame '63, reside in Chatham, N.J. They are the parents of Marjie Burlingame Hancock '91 and Betsy Burlingame Wood. A true Muskingum legacy family, the Burlingames are linked in The Long Magenta Line to many family members, including their mothers, Martha Elizabeth Pickens Hussey '32 and Elsie Wagner Burlingame '60.

DISTINGUISHED SERVICE AWARDS

Marilyn Woodyard Lockhart '56

Marilyn Jean Woodyard Lockhart helped pioneer new roles for women in mathematics and physics. She was at the forefront of the emerging computer programming profession, which would provide unprecedented opportunities for succeeding generations of female scientists and business leaders.

The daughter of a physicist, she became the first woman at Muskingum to major in physics, earning her bachelor of science degree in both physics and mathematics. She earned her master of science degree in mathematics from Northwestern University.

Mrs. Lockhart began her career at International Business Machines in Poughkeepsie, N.Y., in a historic era – mathematicians and computer scientists were just beginning to build the foundations of modern computing, exploring the applications of computing power to the needs of businesses large and small.

She was hired in 1957 as a member of an elite cohort of mathematicians whose task was to prepare sub-routines for the early large-scale computers. The cutting-edge work of Mrs. Lockhart and her colleagues was a driving force behind IBM's transformation from a producer of typewriters and tabulating equipment to a global leader whose data processing innovations would create fundamental societal and economic changes.

Currently, Mrs. Lockhart serves as treasurer for the privately held corporation Isole, Inc.

She and her husband, Newton Lockhart reside in Brevard, N.C., where she is an active leader in her church community. They are the parents of Keith Lockhart, conductor of the Boston Pops, and Dr. Paul Lockhart, professor and author.

Marilyn Lockhart's brother, Owen Woodyard '59, also earned his bachelor of science degree in physics and mathematics from Muskingum.

Keith S. Campbell '77

Keith S. Campbell has strengthened our national economic landscape and the social fabric of American communities, profoundly changing the lives of others. Renowned for his prominent leadership in a highly competitive global industry, he was chosen to serve our nation and the world with his expert financial acumen as a Director of the Federal Reserve Bank of Philadelphia.

Mr. Campbell is Chairman of the Board of Mannington Mills, Inc., one of the world's largest manufacturers of commercial and residential flooring. He is the fourth generation of his family to lead this award-winning privately held firm. He joined Mannington following his Muskingum graduation and has served in diverse positions throughout the company. He joined the Board of Directors in 1983 and was appointed Chairman in 1995. Under his leadership, Mannington has been recognized for its innovation in design and manufacturing and for its family-oriented corporate citizenship and outstanding commitment to the home communities of its seven manufacturing plants.

Since 2008, Mr. Campbell has served on the Board of Directors of the Federal Reserve Bank of Philadelphia, which leads the Federal Reserve's Third District of Delaware, Eastern Pennsylvania, and the nine southern counties of New Jersey. Financial trends in this vital manufacturing region are an important barometer for the interconnected national and global economies.

As a civic leader, Mr. Campbell's wise guidance touches the lives of those served by New Jersey-based educational, health care, and community development organizations. He chairs Stand Up for Salem – a multi-million dollar downtown redevelopment initiative – serves as trustee of the John B. Campbell Center, and is past Chair of the Board of Memorial Hospital. He also serves his alma mater as a Muskingum University Trustee.

Mr. Campbell earned his bachelor of arts degree with majors in history and business. He has been honored for his significant achievements with a Doctor of Public Service degree from Muskingum University.

He and his wife, Shirley, reside in Salem, N.J. They are the parents of John, Christopher, and Kimberly.

Brockton J. Hefflin '84

Dr. Brockton J. Hefflin changes the lives of others in the United States and abroad through his leadership in national and international public health and safety policy initiatives.

A Medical Officer in the United States Food and Drug Administration's Center for Devices and Radiological Health since 1995, he works to ensure that medical devices are both safe and effective for human use. He is the USFDA representative to the

international Global Medical Device Nomenclature (GMDN) Project, an initiative of the World Health Organization. He and his fellow delegates are creating global standards for thousands of medical device product groups, improving the quality of health care around the world.

He is a trained field epidemiologist and a graduate of the Centers for Disease Control and Prevention's Epidemic Intelligence Service (EIS). As an EIS Medical Officer, he responded to environmental threats to public health: fuel additive exposure in Alaska, recurring dust storms in Western states, and an industrial mercury explosion.

Dr. Hefflin travels regularly as an international medical missionary, working to improve health care in Central America, Africa, and Western Asia. He furthers his own cultural understanding of those he serves, exploring significant sites such as the Egyptian Nile, pre-Columbian Mayan cities, the Great Stone Monuments of Zimbabwe, and the Etruscan civilizations of Tuscany.

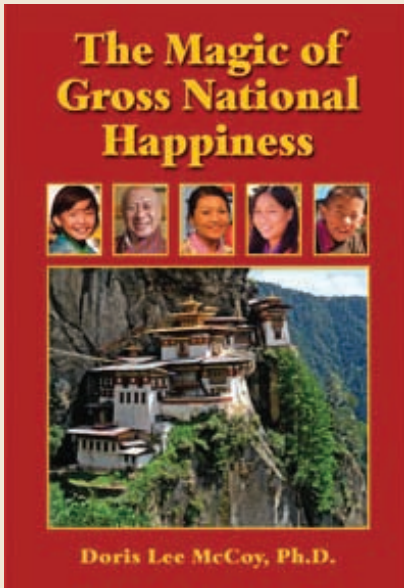

The U.S. Department of Health has acknowledged his leadership and achievements with numerous commendations and recognitions, and he has been honored with a Doctor of Public Service degree from Muskingum University.

A Commissioned Officer in the U.S. Public Health Service, Dr. Hefflin is board-certified in Preventive Medicine and Public Health. He earned his M.D. from the University of Pittsburgh School of Medicine, and his Master of Public Health degree from the Uniformed Services University of the Health Sciences.

A second-generation Muskie, Dr. Hefflin is the son of Ruth Champlin Hefflin '60 and the late Dr. Charles Hefflin, a prominent Pittsburgh physician. He resides in Montgomery Village, MD.

At the synod level in the Presbyterian Church, Dr. Kaser was chairman of Christian Education, United Ministries in Higher Education, Campus Christian Life, Relation of Colleges to Synods, Leadership Development and Restructuring.

He served on multiple committees and boards including Muskingum University. He was a resource leader for workshops, seminars, retreats and conferences.

Dr. Kaser is survived by his children, all of whom attended Muskingum, Sharon Lynne Campbell (Roger), Harold Steven Kaser (Joy), Kathleen Ann Ridenour (John), and James Foster Kaser (Jackie); 11 grandchildren and seven great-grandchildren.

Coach Donna J. Newberry

Muskingum University 1974-2010

Head Softball Coach, Professor of Health and Physical Education, and Director of Intramurals

The Muskingum community mourns Coach Donna J. Newberry, who passed away on November 10, 2010 in New Concord, after a long illness.

Coach Newberry was an extraordinary champion – a coach and educator who truly claimed a prominent place in the history of sport in America. She was the only coach in the history of our nation to be named National Coach of the Year in two sports – softball and basketball – and was the only coach in NCAA Division III history to achieve 900 victories in a single sport – softball.

She led Muskingum to our first ever NCAA national championship, winning the 2001 softball title. Her softball team perennially ranked in the national top-25, and she coached Muskingum to 18 OAC Championships. She was one of the first Division III coaches ever to be inducted into the National Fastpitch Softball Hall of Fame. On October 9, 2010, Muskingum dedicated the Donna J. Newberry Softball Field in her honor.

As Muskingum's women's basketball coach, Coach Newberry earned 403 victories and three OAC championships. She led her 1991 team to a second-place national finish.

Coach Newberry's greatest legacy lives on in the generations of Muskingum students, upon whom she had a profound and lasting impact. She created champions in every sense of the word, leading by example and teaching our students to hone the personal attributes needed for success in any endeavor – drive, perseverance, "mental toughness," a keen intellect, and the desire to continually learn, grow, and enhance their skills and abilities. She inspired us all to reach for new levels of excellence.

We are deeply grateful to Donna J. Newberry for her extraordinary commitment to Muskingum and our students.

Wilbur Schnitker

Professor Emeritus of Music and Musician-in-Residences

Professor Emeritus of Music and Musician-in-Residence Wilbur Schnitker passed away November 1, 2010. Mr. Schnitker and his wife, Katherine, arrived at Muskingum in 1942 and after retiring, continued to serve Muskingum as musicians-in-residence and goodwill ambassadors. In 1999, the Schnitkers were recognized for their service to generations of students with honorary degrees from Muskingum.

A Carthage College graduate with a master's degree from the University of Michigan, Professor Schnitker pursued post-graduate study at the Cleveland Institute of Music, Colorado College, and the Eastman School of Music.

He earned national prominence during the bicentennial celebration of Beethoven's birth by performing the entire 32 sonatas for piano from memory in a two-week period.

In 1989, he performed Bach's complete *Orgelbüchlein*. This accomplishment is considered one of the greatest achievements in music and is rarely heard in its entirety. In 1990, he performed in Spain with the University of Michigan Organ Tour.

He was also a member of the American Guild of Organists and held numerous appointments as an adjudicator.

In addition to an extensive career as a solo recitalist, Professor Schnitker performed in duo-piano concerts with his wife, Katherine, throughout the nation, including Illinois, Wisconsin, Pennsylvania, Kentucky, Ohio, New York, West Virginia and Indiana.

He is survived by his wife, Katherine, New Concord, and his daughter and son-in-law, Mary Schnitker Gifford and Grant Gifford, Alpine, Utah.
